

## Heartsaver CPR (w/AED)

The AHA (American Heart Association) **Heartsaver CPR/AED** Course teaches rescuers to effectively recognize and treat cardiac arrest in the critical first minutes until emergency medical services personnel arrive. You will also learn about the (AED) Automated External Defibrillator. An AHA two year certification card is issued on completion of this course.

### Adult/Child Cardiopulmonary Resuscitation {CPR}

- Rescue Breathing
- Foreign-body airway obstruction (choking)
- Chest Compressions

### Automated External Defibrillator {AED}

- AED Operations
- Special Situations
  - Children
  - Water
  - Implanted Pacemaker
  - Medicine Patch
  - Hairy Chest

### Infant Cardiopulmonary Resuscitation {CPR} (optional module\*)

- Rescue Breathing
- Foreign-body airway obstruction (choking)
- Chest Compressions

*\* Infant CPR module adds about 1/2 hour to the total class time. Without the Infant module, the elapsed time is 3 hours, minimum. With both modules, the class time is 3-1/2 hours.*
